PHASE 1 TEST

Seven Meta ads to test in Phase 1

ID	Product	Concept	Message
H1a	Savings	Rate vs. market	4.25% APY* vs. the national average
H1b	Savings	Question hook	Is your savings earning 4.25% APY*?
H2a	Savings	Simple and open	$5 to open, no monthly maintenance fees
H4a	Savings	Trust proof	The rate, with NCUA and Gesa backing
C1a	Checking	Rate with cap	Up to 5.00% APY* on balances to $5,000
C2a	Checking	Early pay + rate	Paid up to 2 days early,Ω plus the rate
C4a	Checking	How it works	Direct deposit + 15 swipes = the rate

Plus eight Chat GPT sponsored recommendation cards, four per product.

Phase 1 runs 4 weeks against the best current rate-led ads. Savings and Checking run in separate ad sets.

How we write them

- Conversational tone, like an answer a friend would give.
- Lead with relevance: the question or need the person just raised.
- Rate and proof stay in the copy, with approved disclosures.
